

# Loki

## Pipe and cable locating solution

Failure to accurately identify the presence of utilities may result in damage to underground pipes and cables which, in turn, can lead to utility strikes, costly repairs and in some cases personal injury. Loki is a multi-frequency locating solution designed to address these issues. Used to “sweep” large areas, Loki can assist users to quickly and easily locate buried assets.

### Features:

#### Dual Mode

New to Schonstedt is ‘dual mode’, which detects the transmitter and power signals simultaneously for a more precise locate.

#### Depth

Loki automatically displays depth on the display in sonde, transmitter and power mode.

#### Durability

Long product lifetime (5 years or more). High return on investment, low maintenance cost.

#### ‘Sweep’ for utilities

Designed to “sweep” large areas to quickly and easily locate and protect buried assets.

#### Battery life

Locator – 13 hours.

Transmitter – 20 hours.

Keeps the user in the field for longer, avoiding unnecessary down time.

#### Volume control

Loki has one fixed volume and a removable speaker, for audible sound in all environments.

#### Modes

Operating in Active, Inductive, Sonde and Passive modes to support detecting a broad range of utilities.

#### ShallowAlert™

Warns the user of shallow pipes and cables with a distinctive warbling sound.

#### NoiseProtect™

Enabling location in electrically noisy environments, NoiseProtect automatically rejects electrical interference.

## Contractor model

512 Hz, 8 kHz and 131 kHz

### Active frequencies:

512 Hz, 8 kHz and 131 kHz

### Inductive frequencies:

8 kHz and 131 kHz

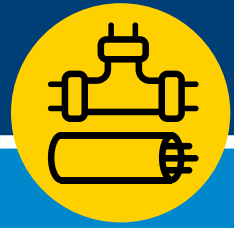

### Sonde frequencies:

512 Hz

Used as a tool within a home contractor's toolbox to sweep an area prior to excavation.

## Utilities model

512 Hz, 8 kHz and 82 kHz

### Active frequencies:

512 Hz, 8 kHz and 82 kHz

### Inductive frequencies:

8 kHz and 82 kHz

### Sonde frequencies:

512 Hz, 8 kHz and 33 kHz

Built for the challenge of detecting and tracing buried telecom ducts, water and drain pipes.

## How to order

Package description	Schonstedt part no.
Loki Contractor, 60 Hz, Imperial	LOKI-C
Loki Utilities, 60 Hz, Imperial	LOKI-U
Loki Contractor, 60 Hz, Metric	LOKI-C-METRIC
Loki Utilities, 60 Hz, Metric	LOKI-U-METRIC

Loki packages include locator w/batteries, transmitter w/batteries, earth spool, earth stake, magnet, direct connect lead, user guide and soft carry bag.
